FOREIGN NEWS.

Our latest advices from Panama are to Nov. 12. No news of importance had been received from Chili. The blockade of the ports by the Spanish Adm ral continued. Chili is making every preparation pos-nible to carry on the war. Telegraph lines and roads are being opened into the interior, and 36 coast towns have been decared ports of Chili.

The latest intelligence from Peru indicated that a decisive battle between the forces of the Government and

the revolutionists was impending. The Republican general, Alvarez, in return, immediately proclaimed the life of every captured French or Imperial general ferfeited. A New-Orleans paper claims to have trustworthy information concerning an approaching interference of the United States in behalf of the Mexican Republic.
